ASPECTS

Conjunction

0'

Strong focus. The Planets act together, modifying each others expression according to their nature

Opposition

180'

Polarisation. Tendancy to project one of the Planets energies onto other people in relationship

Square

90'

Obstructive. Self destructive until a creative expression of the energies is manifested

Trine

120'

Fluid. The flow between two Planets is easy, creative, available talents and resources

Sextile

60'

Opportunity. Possibilities through utilising the Planets involved

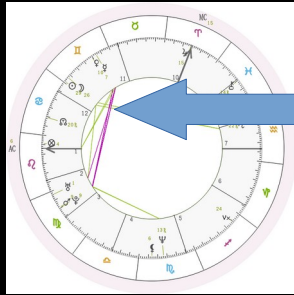

The Angle between two Planets, given in degrees, is called an Aspect
 An Aspect is the angular relationship between two points in the 360` Zodiac
 Aspects reveal the character of relationship between any two Planets,
 modifies expression and reveals threads of connection to the
 inner strengths and weaknesses within the subjects of the charts
